

*Round-Up 3 is an **elementary grammar practice book** for older learners (its Teacher's Guide says levels 1–3 are for the early stages of learning English). Grade 3 pupils are age 8–9 and work at CEFR A1, so only the units that match A1 are used here, and they are rewritten with pictures, short texts and games. Unit numbers follow the contents list of the 2003 Longman edition; check them against your copy.*
