

Which units are used for Grade 3

*Destination A1 (Macmillan Education) is a **vocabulary and grammar practice book** with 42 units. Grade 3 pupils are age 8–9 and work at CEFR A1, so only the units that match A1 are used here, and they are rewritten with pictures, short texts and games. Unit numbers follow the contents list of the 2017 *Destination A1 Plus* edition; check them against your copy, because other editions can differ.*
